FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of State Courts Administrator** and the **Office of Prosecution Services** assume this proposal would not fiscally impact their agencies.

Officials from the **Department of Health and Senior Services (DOH)** assume this proposal would not fiscally impact the operations of the DOH, but would require the DOH to modify information on the food recovery programs. DOH assumes any costs associated with these changes could be absorbed by the DOH. DOH states if a fiscal impact were to result, funds to support the program would be sought through the appropriations process.

FISCAL IMPACT - Small Business

Small businesses that are grocery or convenience stores could be impacted as a result of this proposal.

DESCRIPTION

This proposal adds grocery and convenience stores to the list of donors that in good faith can donate any surplus canned or perishable food to a bona-fide charity or nonprofit organization for free distribution without being subject to criminal penalty or civil damages arising from the condition of the food, unless an injury is caused by the gross negligence, recklessness, or intentional misconduct of the donor.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
